

EDUCATION	Department of Mathematics, University of Vienna	Vienna, Austria
	<i>PhD in Mathematics</i>	09.2026 - Present
	Research topic: Geometric Analysis under lower Ricci Curvature bounds (supervisor: Prof. Daniele Semola)	
	Mathematics, Scuola Normale Superiore	Pisa, Italy
	<i>Allievo Ordinario</i>	09.2021 - 2026
	- Third-year colloquium on Pontryagin Duality for locally compact and abelian groups (supervisor: Dr. Gian Maria Dall'Ara) - Fourth-year colloquium on Purely Unrectifiable Sets in Metric Spaces (supervisor: Prof. Luigi Ambrosio)	
	Department of Mathematics, University of Pisa	Pisa, Italy
	<i>MSc in Mathematics</i>	09.2024 - 06.2026
	- Main areas of interest: Geometric Measure Theory, Optimal Transport, Functional Analysis, Harmonic Analysis and related topics - Thesis: On Quantitative Stability for The Isoperimetric Inequality (supervisors: Prof. Alessio Figalli, Prof. Luigi Ambrosio) (110/110 cum laude)	
	Department of Mathematics, ETH Zurich	Zurich, Switzerland
	<i>SEMP Exchange Semester</i>	09.2025 - 02.2026
	Research project on stability of functional and geometric inequalities: improvements for the quantitative isoperimetric inequality (supervisor: Prof. Alessio Figalli)	
	Department of Mathematics, University of Pisa	Pisa, Italy
	<i>BSc in Mathematics</i>	09.2021 - 07.2024
	Thesis on vector measures and Radon-Nikodym property (supervisor: Prof. Pietro Majer) (110/110 cum laude)	
	Liceo Scientifico Ulisse Dini (high school)	Pisa, Italy
		2016 - 2021
AWARDS AND HONORS	Silver Medal, Imperial-Cambridge Mathematics Competition (7th place); 2024 Full Scholarship by Scuola Normale Superiore. The scholarship provides free room and board and requires taking extra courses, holding seminars on studied topics and maintaining a GPA higher than 27/30; 2021 Gold Medal, Italian Mathematical Olympiads (4th place), achievement recognized by the Fuoriclasse della Scuola Award; 2021 Bronze Medal, Italian Physics Olympiads; 2021 Gold Medal, Italian Mathematical Olympiads (5th place), achievement recognized by the Banca d'Italia Prize; 2020 Silver Medal, Balkan Mathematical Olympiads (21st place). 2020	
SKILLS	Languages: Italian (native), English (C1), French (A2), German (A1).	
	Programming: Python, C++, MATLAB.	

ATTENDED CONFERENCES	35th Jyväskylä Summer School Jyväskylä, Finland	08/2026
	GMT: Unraveling the Structure of Singularities Trento, Italy	07/2026
	GMT: between PDEs and Geometric Analysis Trento, Italy	06/2026
	14th School on Analysis and Geometry in Metric Spaces Trento, Italy	06/2026
	Valentia Geometrica Valencia, Spain	04/2026
	Topics in Geometric Measure Theory Pisa, Italy	07/2025
	Topics in Geometric Analysis Pisa, Italy	06/2025
	School in Geometric Measure Theory and related topics Pisa, Italy	06/2025
	Selected topics in Calculus of Variations and PDEs Pisa, Italy	04/2025
	Optimal Transportation and Applications Pisa, Italy	12/2024
	Geometric Problems in Analysis Padua, Italy	06/2024
